Activation Notice

We have Activated Paradise Farm.

The gate will be locked.

<u>To gain entrance contact us first at:</u>

Phone: 463-7711 or

HAM 2 Meter Frqcy: 416.400 (Simplex)
Monitored 30 minutes beginning at 9 AM, 12 PM and 3 PM.

Do not attempt to walk past the gate after dark!

All materials are on hand to complete the highway guardrail which will block and hide our driveway.

Because we will be short handed if and when we activate the farm, we will install the guardrail the third day after we activate.

The purpose of the rail is to allow us to operate for a while without guards on duty at the front gate. Members may have to admit themselves.

Therefore, it will be **your responsibility** to teach your clan how to admit themselves safely, especially if they arrive without you.
Realize we may not have met some of your clan and they may not know where we are located. You may be detained when they arrive.

1. They will not be able to park in our driveway; in fact they will not be able to find it.
2. They must park at the church. and hike in.
3. It would be best to enter empty handed and unarmed.
4. The second gate will be locked. They can slip around the **left post** where the padlock is located.
5. Walk into the farm. Stay on the driveways. When you see someone holler "**I'm a member.**"
6. Consider bringing out those members and introducing them around to us beforehand.
7. You may want to program your HAM radios as described in an email last month for a more coordinated entry. Our phones may not be operational.
